

# **OmniServer I/O Driver**

## **Software License Agreement**

SOFTWARE TOOLBOX, INC., ("LICENSOR") IS WILLING TO LICENSE THE ENCLOSED SOFTWARE TO YOU ONLY IF YOU ACCEPT ALL OF THE TERMS IN THIS LICENSE AGREEMENT. PLEASE READ THE TERMS CAREFULLY BEFORE YOU OPEN THIS PACKAGE, BECAUSE BY OPENING THIS SEALED DISK PACKAGE YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THIS AGREEMENT. IF YOU DO NOT AGREE TO THESE TERMS, LICENSOR WILL NOT LICENSE THIS SOFTWARE TO YOU, AND IN THAT CASE YOU SHOULD RETURN THIS PRODUCT PROMPTLY, INCLUDING THE PACKAGING, THIS UNOPENED DISK PACKAGE, AND ALL WRITTEN MATERIALS, TO THE PLACE OF PURCHASE PROMPTLY FOR A FULL REFUND.

## **Ownership of the Software**

The enclosed Licensor software program ("Software") and the accompanying written materials are owned by Licensor and are protected by United States copyright laws, by laws of other nations, and by international treaties.

## **Demonstration and Enabled Software**

The software may run in two modes, demonstration and enabled. A software license number ("License Code") is provided with each purchased copy of the Software. The Software runs in demonstration mode without the License Code. Once the License Code is entered into the software during the registration process, a code to unlock the software ("Unlock Code") will be provided by the Licensor. The software will operate in enabled mode only with both the License Code and the Unlock Code.

## **Grant Of License**

1. Licensor grants to you the right to use the Software in demonstration on any computer.
2. Licensor grants to you the right to use the License Code and Unlock Code on a single computer. You may load one copy into permanent memory of one computer and may use it only on that same computer. Hence, the License Code and Unlock Code may enable the Software only on one computer.

## **Restrictions on Use and Transfer**

1. If you have not purchased the license, then you may only execute the Software in a demonstration mode for evaluation purposes only.
2. This Software package contains only a CD-ROM disk. You may not make copies of the CD-ROM disk itself.
3. You may not transfer or communicate the License Code or Unlock Code to another user except as part of a permanent transfer as detailed below.
4. You may not copy the written materials, the License Code or the Unlock Code.

5. You may permanently transfer the Software, License Code, Unlock Code, and accompanying written materials (including the most recent update and all prior versions) if you retain no copies and the transferee agrees to be bound by the terms of this Agreement. Such a transfer terminates your license. You may not rent or lease the Software or otherwise transfer or assign the right to use the Software, except as stated in this paragraph.
6. You may not reverse engineer, decompile, or disassemble the Software.

### **Limited Warranty**

1. Licensor warrants that the Software will perform substantially in accordance with the accompanying written materials for a period of 90 days from the date of your receipt of the Software. Any implied warranties on the Software are limited to 90 days. Some states do not allow limitations on duration of an implied warranty, so the above limitation may not apply to you.
2. LICENSOR DISCLAIMS ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT, WITH RESPECT TO THE SOFTWARE AND THE ACCOMPANYING WRITTEN MATERIALS. This limited warranty gives you specific legal rights. You may have others, which vary from state to state.
3. LICENSOR'S ENTIRE LIABILITY AND YOUR EXCLUSIVE REMEDY SHALL BE, AT LICENSOR'S CHOICE, EITHER (A) RETURN OF THE PRICE PAID OR (B) REPLACEMENT OF THE SOFTWARE THAT DOES NOT MEET LICENSOR'S LIMITED WARRANTY AND WHICH IS RETURNED TO LICENSOR WITH A COPY OF YOUR RECEIPT. Any replacement Software will be warranted for the remainder of the original warranty period or 30 days, whichever is longer. These remedies are not available outside the United States of America.
4. This Limited Warranty is void if failure of the Software has resulted from modification, accident, abuse, or misapplication.
5. IN NO EVENT WILL LICENSOR BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY LOSS OF PROFITS, LOST SAVINGS, OR OTHER INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OR INABILITY TO USE THE SOFTWARE. Because some states do not allow the exclusion or limitation of liability for consequential or incidental damages, the above limitation may not apply to you.

### **Other**

1. This Agreement is governed by the laws of the State of North Carolina, United States of America.
2. Support is limited to phone, fax or email for 30 days after purchase unless the Licensor has a valid maintenance contract which would extend support.
3. Re-registration, which is the issuance of a new Unlock Code for the same License Code for use of the software on the same or a different computer, often the result

- of loss of license because of hardware failure or re-installation of software is limited to 2 events without a maintenance contract. LICENSOR reserves the right to deny issuance of a new Unlock Code if it has reason to believe that the reason for the request of a new Unlock Code is to circumvent the terms of this Agreement granting license to use the Software on a single computer.
4. If you have any questions concerning this Agreement or wish to contact Licensor for any reason, please write: Software Toolbox, Inc. 148A East Charles Street, Matthews, North Carolina 28105 USA or call +1-704-849-2773.
  5. Government Restricted Rights. The Software and documentation are provided with Restricted Rights. Use, duplication, or disclosure by the Government is subject to restrictions set forth in subparagraph (c)(1) of The Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 or subparagraphs (c)(1)(ii) and (2) of Commercial Computer Software Restricted Rights at 48 CFR 52.227-19, as applicable. Supplier is Software Toolbox, Inc. 148A East Charles Street, Matthews, North Carolina 28105 USA.

#### 3.2.1 Copyright

Copyright (c) 2005-2009 The OPC Foundation, Inc. All rights reserved.

#### 3.2.2 License Issues

Unless explicitly acquired and licensed from Licensor under another license, the contents of this file are subject to the Reciprocal Community License ("RCL") Version 1.00, or subsequent versions as allowed by the RCL, and You may not copy or use this file in either source code or executable form, except in compliance with the terms and conditions of the RCL.

All software distributed under the RCL is provided strictly on an "AS IS" basis, WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, AND LICENSOR HEREBY DISCLAIMS ALL SUCH WARRANTIES, INCLUDING WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, QUIET ENJOYMENT, OR NON-INFRINGEMENT. See the RCL for specific language governing rights and limitations under the RCL.

#### 3.2.3 License in Short

The Ansi C Stack Core Module stays under the Reciprocal Community License (RCL) which is based on the concept of reciprocity or, if you prefer, fairness.

The RCL is adapted from the Open Source Reciprocal Public License (RPL) where the "Public" in the Open Source RPL license is replaced by the "Community" in the RCL License. In short, the RPL license grew out of a desire to close loopholes in previous open source licenses, loopholes that allowed parties to acquire open source software and derive financial benefit from it without having to release their improvements or derivatives to the community which enabled them. This occurred any time an entity did not release their application to a "third party". While there is a certain freedom in this model of licensing, it struck the authors of the RPL as being unfair to the open source community at large and to the original authors of the works in particular. After all, bug fixes, extensions, and meaningful and valuable derivatives were not consistently faster, growth and expansion of the overall open source software base. While you should clearly read and understand the entire license, the essence of the RCL is found in two definitions: "Deploy" and "Required Components".

Regarding deployment, under the RCL your changes, bug fixes, extensions, etc. must be made available to the community when you Deploy in any form -- either internally or to an outside party. Once you start running the software you have to start sharing the software.

Further, under the RCL all components you author including schemas, scripts, source code, etc. -- regardless of whether they're compiled into a single binary or used as two halves of client/server application -- must be shared. You have to share the whole pie, not an isolated slice of it.

The complete license agreement can be found here:
